Re: Public Information Message – Main Street Closure

The Department of Public Works would like to inform the motoring public of the closure of Main Street between First Street and Merrill Avenue. The closure will be in place Wednesday, June 11th and remain closed until the end of the day of Friday, June 20th. The Division Street intersection will remain partially open as construction activities allow. The closure will be in place to allow for the asphalt milling and repaving.

Access to businesses in the downtown throughout the project will be maintained, although there may be minor disruptions. There will be no parking on Main Street throughout the project; however side street parking and city lots will remain available to visitors of the downtown.

Thank you for your patience.
